

FEDERAL GREEN JOBS LEGISLATIVE CONFERENCE

**Three Events - One Day!
March 2, 2010**

The Federal Green Jobs Legislative Conference will bring a panel of Department of Energy (DOE) and Department of Labor (DOL) officials and other key national and state green job policy makers to Hampton Roads to have them brief the region's business, labor, government and community leaders and citizens on recent and pending federal legislation directly impacting green economic growth, green workforce training and green job creation.

Two 2-hour invitation-only events; a Peninsula Breakfast and a Southside Luncheon. Each event has limited seating. DOE and DOL officials will brief Hampton Roads region business, labor, community, and governmental leaders on recent legislation, pending legislation, and envisioned opportunities in the areas of green workforce training, green job creation, energy efficiency and clean energy. These events will provide the region's leadership the opportunity to hear directly from federal officials through a panel discussion and active Q&A.

EVENT DETAILS

INVITATION ONLY

Peninsula Breakfast – Thomas Nelson Community College - Mary T. Christian Auditorium

7:30am – 8:00am	Registration
8:00am – 9:00am	Panel Discussion and Q&A on Energy Efficiency
9:00am – 10:00am	Panel Discussion and Q&A on Renewable Energy

Southside Luncheon – Tidewater Community College - Portsmouth Campus

11:30am – Noon	Registration
Noon – 1:00pm	Panel Discussion and Q&A on Energy Efficiency
1:00pm – 2:00pm	Panel Discussion and Q&A on Renewable Energy

One 2-hour early evening free and open to the public event on the Southside. This event is driven in large part by the community organizations (community colleges, VEC, career and technical schools, workforce development boards, faith and community groups) that interact most directly with the public. DOE, DOL and their state and local counterparts will explain to the public how these green legislative policies translate into reality in their lives; possible jobs, training, certifications, where to find and access the information they need. We will encourage discussion through active Q&A and a variety of exhibit booths where attendees can obtain additional information.
